3. SMILE RECYCLED PLASTIC

ALBA

Alba is a white, marble-like surface with hints of gold and silver (from yoghurt pot foil). There can also be hints of colour. Made from kitchen cast-off.

CHARCOAL

Charcoal is black with white and gold streaks giving it a "zhuzh" that draws the eye in. We'd say stars at night or gracefully smudged chalk on a blackboard. Made from reclaimed medical equipment, combined with "waste" food packaging.

3.1 A Sales Agreement between Swedish Ninja AB and the customer is generated through Swedish Ninja AB's written acknowledgement of the customer's order.

3.2 When orders are made for goods in accordance with a customer specification, it is the responsibility of the customer to ensure that the applicable specification is complete and accurate as outlined in the order confirmation.

4. Delivery terms
